1 General provisions

On the basis of license No. 0064053 dated 12.03.2009, the Law Faculty of «Alikhan Bokeikhan University» provides training with the assignment of the academic degree «Bachelor» to students in the specialty 6B12330 - «Law Enforcement».

The development plan of the educational program 6B12330 «Law Enforcement» was developed on the basis of the State Program for the Development of Education and Science of the Republic of Kazakhstan for 2020-2025, as well as in accordance with the Development Strategy of KazHLIU for 2020-2025.

EP 6B12330 «Law Enforcement» provides educational services aimed at training competitively capable and highly qualified specialists, taking into account the national priority of state policy in the field of education, taking into account the strategy «Kazakhstan - 2050», based on the tasks set by the President of the Republic of Kazakhstan, the State Program for the Development of Education and Science of the Republic of Kazakhstan for 2020-2025, as well as in accordance with the Development Strategy of «Alikhan Bokeikhan University» for 2020-2025.

EP 6B12330 «Law Enforcement» carries out educational activities in accordance with the Mission of the University: «Training of competitive personnel with higher education in a wide range of areas focused on the industrial and innovative development of the region.»

The EP code 6B12330 «Law enforcement» in the field of education corresponds to the direction «National security and military affairs», «Public security». This direction is one of the special conditions for the implementation of quality education in the system of ensuring the national security of the state and society.

The exclusivity of the educational program lies in the fact that students in the process of studying scientific disciplines can skillfully apply the acquired knowledge and skills in protecting the rights, freedoms and interests of man and citizen, society and the state, aimed at protecting public order and preventing criminal offenses. The peculiarity of EP 6B12330 «Law Enforcement» consists of the studied legal disciplines, which are primarily aimed at acquiring knowledge in the field of scientific and legal disciplines that reveal the essence, content and improvement of law enforcement in the Republic of Kazakhstan.

The relevance of EP 6B12330 - «Law enforcement» is that the university is one of the only non-specialized educational institutions in the region and in the republic as a whole, providing highly qualified specialists with the personnel potential of the law enforcement and judicial system of the East Kazakhstan region and the Republic of Kazakhstan as a whole.

According to the National Rating of the Independent Kazakhstan Agency for Quality Assurance in Education (IKAQAE) from 2017 to 2019, EP 6B12330 «Law Enforcement» occupies a leading position among the country's universities providing educational services in this area. Due to the fact that the Educational program «Law Enforcement» is aimed at training lawyers in the field of law

enforcement, according to the ranking of the Chamber of Entrepreneurs «Atameken» in terms of the quality of education, OP ranks 28th in the republic among 68 universities in Kazakhstan.

The policy of the modular educational program (MOP), the catalog of elective disciplines (CED) of the EP «6B12330 – Law Enforcement» are aimed at constantly improving their image among consumers of educational services in the face of students and social partners (employers). To individualize training and update EP 6B12330 «Law Enforcement» with the participation of leading teachers of the department, the dean of the faculty, as well as together with internal and external stakeholders, academic disciplines are systematically updated.

The internal stakeholders include members of the Student Committee of the Faculty of Law, students of EP 6B12330 «Law enforcement» Koveleva A. PD-902 group, Bagdaulet A. PD-901 group, Nurakhmetova K. PD-413 group, Dusenbekkyzy D. PD-413 group, Arykova L. PD-14 group, Erlanova B. PD-14 group.

Registered with the Ministry of Justice of the Republic of Kazakhstan on October 6, 2016 No. 14305.

2 Analysis of the current situation and trends in the development of the labor market and educational services

Direction 1. Educational activity.

In the 2021/22 academic year, EP 6B12330 «Law Enforcement» was included in the register of educational programs of the Unified Higher Education Management System of the Ministry of Education and Science of the Republic of Kazakhstan.

In accordance with the strategic development plan of the University, the organization of the educational process of EP 6B12330 «Law Enforcement» is based on the principle of continuity of providing special knowledge to students, taking into account judicial and investigative practice, changes in national legislation, as well as the legal reform carried out by the state in the law enforcement system. On the basis of providing the material base, educational activities are carried out with the use of innovative technologies, modern achievements of science and technology, which allow improving the teaching methods of lectures, laboratory and practical classes.

To improve the quality of EP 6B12330 «Law enforcement» at a meeting of the department, the teaching staff monitors the subjects studied by students. Social partners, employers, graduates and students participate in the analysis of determining the relevance of the studied disciplines and students' satisfaction with the knowledge obtained.

In order to effectively modernize the educational program, social partners engaged in law enforcement activities in the person of the following bodies: the Prosecutor's Office of the East Kazakhstan Region, the DP of Semey PD of the East Kazakhstan Region of the Ministry of Internal Affairs of the Republic of Kazakhstan, the Linear PD at the Semey DP station on transport of the Ministry of Internal Affairs of the Republic of Kazakhstan, the Transport Prosecutor's Office of Semey, the Court No. 2 of Semey of the East Kazakhstan Region, the State Institution of Maximum Security OV156/15 DCPES of the East Kazakhstan Region of THE Ministry OF Internal Affairs of the Republic of Kazakhstan.

Based on the opinions and wishes of internal and external stakeholders, EP 6B12330 «Law Enforcement Activity» annually undergoes an external assessment by experts who are law enforcement officers and the judicial system of the Republic of Kazakhstan and have extensive experience in this field. In the 2020-21 academic year, external experts are: Head of the CPD of the Semey DP Police Department of the East Kazakhstan region of the Ministry of Internal Affairs of the Republic of Kazakhstan Zharkenov E. A.; Chairman of the Court No. -2 Semey of the East Kazakhstan Region Abenova Zh.T.

For the effective organization of the educational process according to the EP 6B12330-»Law enforcement«, there are «Laboratory of pre-trial investigation», «Forensic laboratory», «Hall of the educational trial».

Laboratories are structural divisions of the Department of CLD. The key purpose of the «Pre-Trial Investigation Laboratory» and the «Forensic Laboratory» is to assist in the organizational and methodological support of

lectures, practical classes using progressive and innovative teaching methods, as well as the creation of conditions for conducting training sessions in special disciplines aimed at preparing students for practical activities that require their special knowledge, skills and abilities in the field of criminal law, criminal procedure, criminology and other legal disciplines.

The courtroom is designed to provide information and educational and methodological support for the educational process and is aimed at forming the practical foundations of scientific knowledge, forming skills for conducting the main trial in accordance with the criminal procedure legislation of the Republic of Kazakhstan.

In order to objectively assess the achievements of students, practitioners are involved in the State Attestation Commission. In the 2019-2020 academic year, the chairman of the SAC was accepted, being the chairman of the court No. -2 of Semey, East Kazakhstan region Abenova Zh.T.

When monitoring the employment of graduates based on participation in national ratings conducted by the National Chamber of Entrepreneurs «Atameken», the dynamics of employment of EP 6B12330 - «Law enforcement» in the first year after graduation: 2018 – 53.3, 2019 – 83.3%, 2020 - 71%, 2021-60%

One of the priorities in the employment process of EP 6B12330 «Law Enforcement» is the possibility of preparing students for professional certification. Therefore, the course EP 6B12330 «Law Enforcement» is aimed at creating conditions for professional certification of students, the main idea of which is that students of the final courses could pass tests on knowledge of the laws of the Republic of Kazakhstan and the state language in advance in the regional department of the Agency for Civil Service Affairs EKR (ACSA).

Training of students under the educational program «Law Enforcement» for professional certification is carried out during the entire course of study. The implementation of professional certification is carried out according to the approved curriculum with the active participation of the teaching staff of the department, employers. The educational process at the same time relies on the use of interactive teaching methods, is organized taking into account mutual control and self-control of students, the process of preparing all students of the group includes the solution of test tasks, situational tasks.

In addition, in order to solve the problems of employment of graduates of EP 6B12330 «Law Enforcement», graduate fairs with the participation of social partners are held annually together with the employment center, the Career Center.

Strengths:

- Internal (teaching staff, students) and external stakeholders (social partners, employers) are involved in the development of the OP.

- Participation in the ratings of the Independent Agency for Quality Assurance in Education and the National Chamber of Entrepreneurs of the Republic of Kazakhstan «Atameken».

- Material and technical equipment that allows conducting classes using innovative technologies, creating conditions as close as possible to the conditions of committing a crime, using technical and forensic means and methods for detecting and removing trace information, analyzing the evidence base and using them to advance an investigative version in the process of investigating and disclosing a criminal offense.

Analysis of the main problems:

- The interaction of the teaching staff of the Department and the law enforcement and judicial system of the Republic of Kazakhstan related to improving the teaching methods of practical and laboratory classes is not fully carried out. This is due to objective circumstances, social partners, represented by law enforcement agencies, are burdened with the performance of functional duties, regulatory legal acts in the field of law enforcement are used only for official use, employees are burdened with the regime of compliance with state secrets and the secrecy of the investigation.

- Low percentage of employment of students of EP

Direction 2. Research activity.

The research activity of EP 6B12330 - «Law enforcement activity» is conducted on the basis of the legislation of the Republic of Kazakhstan and internal regulatory legal acts of KazHLIU.

In order to form the research foundations of EP 6B12330 «Law Enforcement», the teaching staff of the department cooperates with the Research center (SRC) of the Faculty of Law: «Actual problems of jurisprudence». Within the framework of this center, research projects, round tables, international scientific and practical conferences aimed at popularizing the OP are being formed.

As part of the scientific study EP 6B12330 - «Law Enforcement» on December 15, 2021, the Dissertation Council at the Educational Institution «Alikhan Bokeikhan University» in the specialty «6D030100-Jurisprudence» defended a dissertation for the degree of Doctor of Philosophy (PhD). The topic of the dissertation of the dissertation of Temirgazin Roman Khurmatullayevich: «Problematic issues of the methodology of pre-trial investigation of technogenic criminal offenses (based on the materials of the Republic of Kazakhstan and abroad)» in the specialty «6D030100-Jurisprudence».

The research work of EP 6B12330 «Law enforcement» also includes the research activities of students. The leading teachers of the department, together with the staff of the investigative units of the Ministry of Internal Affairs of the Republic of Kazakhstan, conduct research work within the circle «Young processalist». This circle contributes to the consolidation of students' theoretical knowledge, as well as to prepare scientific reports and receive useful advice from mentors on problematic issues of the theory and practice of criminal proceedings.

During extracurricular hours, students of EP 6B12330 «Law enforcement» in specialized laboratories work out scientific and practical methods of forensic research, inspection of the scene of the incident, search and seizure, identification. In the specialized office «Training Courtroom», students, together with teachers, social partners, conduct scientific research on topical issues of the theory and practice of criminal proceedings.

The research activity of the teaching staff of the department is aimed at participating in international practical conferences, round tables, publication of works in publications recommended by the CQASES of the Ministry of Education and Science of the Republic of Kazakhstan. The main criteria of the research activity of EP 6B12330 - «Law enforcement» are relevance, high theoretical level, practical significance and close connection with the educational process, in order to contribute to the development of the region and the country as a whole.

Strengths of the EP:

- Wide access to electronic resources for research activities. Encouragement from the university of teachers engaged in scientific research, as well as providing opportunities for master's degree, doctoral studies and defense of dissertation research in the Dissertation Council of KazHLIU.

- The presence of an active research center «Actual problems of jurisprudence»

Analysis of the main problems:

- low level of publication in publications included in the Scopus database; in publications recommended by the CQASES of the Ministry of Education and Science of the Republic of Kazakhstan (in the state language, in English)

- The research activity of EP B12330 - «Law Enforcement» is not fully implemented together with specialized educational institutions of law enforcement agencies and the judicial system of the Republic of Kazakhstan.

Direction 3. Educational activities

The priority task of OP 6B12330 «Law enforcement» is to create conditions for the self-realization of students and the formation of their stable views and positions aimed at a high legal culture, respect for the honor and dignity of citizens. The university has approved the Concept of educational work of the Kazakh Humanitarian and Legal Innovation University, which is a scientifically based set of views on the main goals, objectives, principles, content and directions of educational work.

The educational process of students of OP 6B12330 «Law Enforcement» is implemented through the Institute of curatorship, the Dean's office of the Faculty, the teaching staff of the Department of the Department of Internal Affairs, as well as through student self-government bodies.

Student self-government is an integral part of the entire university-wide management system and implements the most important functions of organizing student life. The activities of student self-government at the university are organized in accordance with the intra-university normative document «Regulations on the Youth Affairs Committee». Воспитательская работа ОП 6B12330 "Law enforcement activity" is closely interrelated with student self-government and is implemented through such public organizations as: the team «Enactus KazGUIU», the creative group «Urker», the youth wing «Zhas Otan», «KazGUIU Students Alliance», the public foundation «Commonwealth of Young Lawyers», «Union of KVN KazGUIU», debate club "Everest", charity organization «Ak niet», «Business incubator».

The share of students in 6B12330 «Law enforcement»; involved in socially useful activities from the total number, - 2018 - 50%, 2019 – 55%, 2020 – 57%, 2021 – 59%; who took part in activities within the framework of the implementation of the subprogram «Tarbieh zhane bilim» of the program «Rukhani zhangyru»: 2017 – 60%, 2018 - 80%, 2019 - 90%; employed in sports sections, clubs and creative associations: 2018 - 77%, 2019 - 80%, 2020 - 83%, 2021 – 85%.

The university has created all conditions for the modernization of the mechanisms of the organization of educational activities, as part of the moral, psychological, cultural and recreational development of students.

In order to provide social and legal support to students, the university has a public foundation «Commonwealth of Young Lawyers».

The Public Foundation "Commonwealth of Young Lawyers" has implemented a number of socially significant projects.

Strengths:

- Availability of a system of autonomous student self-government
- The presence of the public foundation "Commonwealth of Young

Lawyers" which provides social and legal support to students.

Analysis of the main problems:

- weak participation in republican student winter and summer sports Olympiads, republican socio-political events.

Direction 4. International activities

The main criterion for the development of OP 6B12330 «Law Enforcement» is the annual expansion of participation in the field of international cooperation, which is aimed at the implementation of academic mobility programs for teaching students in foreign universities, the development of joint educational programs, as well as the use of international best practices in the field of education.

In 2017, within the framework of academic mobility programs, students of OP 6B12330 «Law Enforcement» in the number of 3 students Bolatbekov N., Tleukhanov T., Auelbekova B. completed one semester of training (15.10.2017-25.12.2017) at the Varna University of Management (Sofia, Republic of Bulgaria).

In 2019, doctoral student Baigundinov E.N., graduated from a joint two-degree educational program of the MBA specialty, with the University of Management Varna (Sofia, Republic of Bulgaria).

In order to implement international academic mobility of students in 2019, 11 contracts were concluded at the university level with leading universities of the near and far abroad.

OP 6B12330 «Law Enforcement activity» annually invites foreign scientists and specialists.

Among foreign scientists, S.A. Polyakov, PhD, Associate Professor and Dean of the Faculty of Law of Novosibirsk State Technical University (Novosibirsk, Russia) were invited to give lectures. In November 2016 and December 2017, he gave lectures on «Criminal law and criminological characteristics of corruption criminal offenses».

Stoyalov Ya.B., Utebaev E.K. M.D. Karazhanov, Temiragazin R.H. developed sections 3.2 and 3.3 of the monograph «Constitution of the Republic of Kazakhstan: social guidelines, implementation practice» under the editorship of M.H. Mataeva. – Semey: «Intellect», 2018. – 221 p.

Stoilov Ya.B., Karazhanov M.D., Utebaev E.K. prepared and published a textbook: «Legal work and anti-corruption policy at the university» Semey, 2018. 100 p.

Strengths:

- Regular invitation of foreign scientists and specialists to give lectures for students and teaching staff

Analysis of the main problems.

- Insufficient proficiency in English by the teaching staff and students of non-linguistic specialties

- Insufficient funding for the development of academic mobility programs for students.

Direction 5. Resource support of OP 6B12330 «Law enforcement» has sufficient material, technical, information and library resources used to organize the learning process. The availability and level of the material and technical base is in the process of constant updating and improvement. The creation of an effective educational infrastructure is a prerequisite for the successful fulfillment of the University's mission.

In order to implement the educational program, the following laboratories operate:

1) Laboratory of pre-trial proceedings

This laboratory was created to assist in the organizational and methodological support of classes using progressive and innovative teaching methods, creating conditions for conducting training sessions in special disciplines aimed at preparing students for practical activities that require them to have special knowledge, skills and skills in the field of criminology.

The main purpose of the Forensic Laboratory is to train qualified specialists with deep theoretical knowledge and practical skills in the field of criminology using advanced teaching methods and forensic technology, computers and multimedia equipment.

3) The courtroom is intended for the implementation of information and educational and methodological support of the educational process and is aimed at the formation of practical skills and abilities.

4) The cabinet of the «School of Integrity» as the main goal provides for the targeted training of young representatives of the anti-corruption movement of a new formation, the formation of an anti-corruption model of behavior among young people, the education of integrity and academic integrity at the university.

5) Research Center «Actual problems of jurisprudence». The Center carries out organizational and coordinating activities in the research direction of the development of the university unit on the basis of a long-term research plan.

The university has a university library that provides teachers and students with the necessary information resources, basic and additional educational, educational and methodological literature for students of OP 6B12330 «Law Enforcement». The implementation of educational programs of higher and postgraduate education is provided with free access of students to library collections, computer technologies, educational and methodological and scientific literature, educational, scientific, information databases, including international sources placed in electronic libraries. The library of the University of students of OP 6B12330 «Law enforcement activity» has 35,516 textbooks, teaching aids in electronic form. There is also access to the following electronic resources of the library «ELSEVIER», «SPRINGER LINK», «THOMSON REUTERS (Web of Science)», «SCOPUS».

Strengths:

- Sufficient equipment of the appropriate material base for laboratory and research work.

Analysis of the main problems.

- development of teaching and methodological publications of teaching staff in the state language;
- purchase of published educational and methodological literature in English on the disciplines of the OP.

3. Directions of the OP development plan, purpose, objectives, expected results, target indicators, implementation measures

Strategic directions of the development plan of OP 6B12330- «Law enforcement»:

Strategic direction 1. Orientation of the educational process on the continuity of professional training

Strategic direction 2. Research and innovative development of the university: strategies and mechanisms of modernization in the conditions of modern socio-economic development of Kazakhstan

Strategic direction 3. Modernization of the mechanisms of the organization of educational activities within the framework of the comprehensive development of the student

Strategic direction 4. Modernization and increasing the attractiveness of the University's international activities.

The purpose of the educational program 6B12330 «Law Enforcement»: the formation of competitive legal professionals who apply theoretical knowledge and practical skills in the national interests of the state and society, skillfully using and applying the acquired knowledge in law enforcement.

Tasks:

1.1 Improvement of the educational program.
