A holistic view of the text, the basics of linguoculturology, principles, logic and</p>

					<p>methods of linguoculturological analysis of the text is being formed.</p> <p><b>Expected results:</b></p> <p><b>To know:</b></p> <ul style="list-style-type: none"> <li>-the main approaches and tools of linguistic and cultural analysis;</li> <li>-principles and schemes of text analysis using lexicography and phraseology data.</li> </ul> <p><b>Be able to:</b></p> <ul style="list-style-type: none"> <li>- to use modern methodologies and technologies in the course of linguistic and cultural analysis of the text;</li> <li>- to explain the mechanisms of artistic and aesthetic nomination, the properties and signs of the textual structure, the consistency of linguistic means, which are ways of formalizing the author's idea;</li> <li>-apply knowledge about linguistic theories of text decoding and the basic concepts of these theories in solving professional tasks;</li> <li>-perform linguistic and cultural analysis of the text;</li> <li>-apply the basic methods and techniques of research and practical work in the field of philology, apply the knowledge gained in practice when solving professional tasks within the framework of oral and written communication.</li> </ul> <p><b>Own:</b></p> <ul style="list-style-type: none"> <li>- methods of interpreting the linguistic data of the text, taking into account social and cultural factors;</li> <li>- methods of linguistic and cultural analysis and commenting on the text.</li> </ul> <p>Competencies: special</p>
8.	<b>Philological analysis of a literary text</b>	4	<p>Introduction to Literary Studies</p> <p>The basics of literary criticism</p> <p>Theory and practice of teaching Russian literature</p>	<p>Pedagogical practice</p> <p>"Research and innovation in education"</p>	<p><b>Brief description:</b> The course is designed to form ideas about the linguistic analysis of a literary text. A literary text as an object of linguistic research. Methodology of linguistic analysis of a literary text.</p>

Methods and technologies of teaching the Russian language

The methodology of linguistic analysis. Strategies for understanding a literary text. Analysis of a dramatic work. Analysis of the epic text. Analysis of the lyrical text. The change of aesthetic forms and artistic languages. Expected results:

**know:**

- the theoretical foundations of the modern communicative theory of the text and the methodology of its research, the specifics of the text as a special form of communication and cultural phenomenon;
- basic principles of the construction of literary texts;
- language units of different levels of text and their text-forming capabilities;
- features and significance of a literary text as a unit of culture;
- the ratio of the verbal-figurative and compositional-thematic plans of a work of art;

**be able to:**

- scientifically define the concept of "text", indicate its main properties;
- to identify the factors (the content of the work, the image of the author, etc.) that led to the choice of particular linguistic means;
- to carry out a comprehensive philological analysis of texts of different genre and style; primary and secondary textual activity (text formation and interpretation) based on linguistic analysis and knowledge of the main resources of the Russian language, including visual and expressive means;
- to make a philological analysis of the text;

**own:**

- the conceptual and terminological apparatus

					<p>of the philological analysis of the text,</p> <ul style="list-style-type: none"> <li>- various methods and techniques of philological analysis of texts of different styles and genres;</li> <li>- skills of secondary textual activity (perception, interpretation, understanding of the text).</li> </ul> <p>Competencies: special.</p>
9.	<b>The Russian language in its functional varieties</b>	5	Practical Russian language course	<p>Pedagogical "Research and innovation in education" practice</p> <p>Final certification</p>	<p><b>Short description:</b> The discipline develops an understanding of the theoretical foundations of the stylistics of the modern Russian language; linguistic and extralinguistic features of the functional styles of the modern Russian language. It teaches you to use the stylistic possibilities of language in different areas of communication to solve problems of interpersonal and intercultural interaction.</p> <p><b>Expected results:</b></p> <p><b>To know:</b></p> <ul style="list-style-type: none"> <li>- theoretical provisions of the discipline and basic concepts and categories (stylistic norm, stylistic errors, stylistic norm and its variability, stylistic resources, functional style, connotation, evaluativeness, emotionality, stylistic synonymy);</li> <li>- the system of functional styles of the Russian language and the principles of style classification, genre diversity of styles;</li> <li>- stylistic resources of the Russian language (phonetic stylistics, lexical and phraseological stylistics, stylistic possibilities of word formation, stylistics of parts of speech, stylistics of syntax, stylistics of text).</li> </ul> <p><b>Be able to:</b></p> <ul style="list-style-type: none"> <li>- to transmit information orally and in writing in compliance with the requirements of culture, speech styles and the region;</li> </ul>

					<ul style="list-style-type: none"> <li>- to carry out a stylistic analysis of statements, texts, taking into account the communicative goals of the author;</li> <li>- use stylistically colored units in different areas of communication, taking into account the nature of the addressee;</li> <li>- create texts of different styles and genres.</li> </ul> <p><b>Possess skills:</b></p> <ul style="list-style-type: none"> <li>- editing the text taking into account the stylistic norms of this style;</li> <li>- determining the style of the text based on the identified language tools;</li> <li>- comparative analysis of texts of different genres and styles;</li> <li>- works with linguistic literature and linguistic dictionaries;</li> <li>- search and systematization of scientific information.</li> </ul> <p>Competencies: special</p>
9.	<b>Speech culture and style</b>	5	Practical Russian language course	Pedagogical "Research and innovation in education" practice Final certification	<p><b>Brief description:</b> The study of pronunciation norms, principles of theoretical stylistics and the practice of stylistic analysis of oral and written texts. The skills of independent recognition of neutral and stylistically colored means of language, the basics of speech culture are being formed. Mastering the principles of theoretical stylistics and the practice of stylistic analysis of oral and written texts.</p> <p><b>Expected results:</b></p> <p><b>know:</b></p> <ul style="list-style-type: none"> <li>-functional varieties of the modern Russian language;</li> <li>-the style system of the modern Russian literary language and its intrastructural organization;</li> <li>-stylistic resources of the language and its stylistic norms;</li> <li>-principles of the organization of speech means within a certain functional and stylistic unity;</li> </ul>

					<ul style="list-style-type: none"> <li>- patterns of using synonymous ways of expression in accordance with the conditions and goals of communication;</li> <li>-normative, communicative and ethical levels of speech culture;</li> <li>-spelling, punctuation, orthoepic, lexical, etc. types</li> <li>of norms of the Russian literary language;</li> <li>-patterns of the construction of texts of scientific, journalistic, artistic, conversational, everyday and official business styles</li> </ul> <p><b>Be able to:</b></p> <ul style="list-style-type: none"> <li>-to identify the functional styles of the Russian literary language, to recognize their features and delimit the scope of application, to see the possibilities of interaction of functional styles;</li> <li>- to identify the features of official business, scientific, journalistic, artistic and conversational styles;</li> </ul> <p><b>own:</b></p> <ul style="list-style-type: none"> <li>- to master the stylistic resources of the language;</li> <li>- identify stylistic features of the text;</li> <li>- identify visual and expressive means and be able to use them;</li> <li>- to give a stylistic characterization of linguistic units, variants;</li> <li>- to carry out a stylistic analysis of texts of various stylistic affiliation.</li> </ul> <p>Competencies: special</p>
